Yountville is on the cusp of embarking on a community-wide journey to ensure that our community retains its unique character well into the future. Envision Yountville is an 18-month land use planning process to help us define our values and plan for our future needs.

The home of Envision Yountville is [www.envisionyountville.com](http://www.envisionyountville.com), which contains all of the information you might want. The site includes all the details on the exciting upcoming speaker series. We hope residents and business leaders turns up to learn more about the key issues facing Yountville and that we all share our vision and ideas. Topics will include Community Character, Agricultural Preservation, Mobility, Local Business Balance and more.

The site also includes databases of news, a calendar of upcoming events, a project library, and contact information for all of the key personnel tied to the project.

A link to the website is also available at [www.townofyountville.com](http://www.townofyountville.com).
